Your Wedding Floral Guide

To arrange a consultation to discuss your wedding flowers in detail. Please call us on 01 8259948 or email weddings@flowersbymoira.ie

Massive Congratulations on your engagement, we look forward to helping you plan the wedding of your dreams. Your wedding day is one of the most special, unique and exciting days in your life that creates memories for you and your family to last a lifetime. Each wedding day is as unique as each of our couples, so we work with you closely to bring to life your vision in flowers for your special day.

Whether you want a simple, opulent or modest affair we are here to guide you and give you inspirations for all your wedding flowers. This doesn't necessarily mean large and expensive but it does mean that in order to provide you with the very best in terms of style, design and service we need to spend time to get to know you, what you like and dislike and what you would like to achieve. The starting point in this process is a one to one consultation. Bring along with you any ideas that you may have, pictures of your dresses, bridesmaid dresses and your pintrest login etc.

During this meeting we will go through all your wedding day floral requirements and budget as thoroughly as possible and provide you with a full quotation and all the information you will need to work the look for your big day.

It is best to have an idea of your floral budget before we meet, you can use our price guide enclosed to start this process.

Within two weeks a detailed quotation with all the details that we spoke about will be emailed to you. We welcome any feedback and can update and review your quote accordingly.

Once the Budget and Brief are confirmed we request a booking fee of €250 to hold the date in our diary. This is non refundable but is deducted from your final wedding balance. We will then send you on a copy of our Terms and Conditions.

We will schedule a final meeting approximately two weeks to one month before the wedding day to confirm and finalise all the finer details of the day from delivering your bridal bouquet, name tags for the button holes and so on.

On the Day....

You can arrange collection or we deliver your bridal bouquet approx 3 to 4 hours before your ceremony. Your bouquets will be in water so that they stay as fresh as possible and are drinking water until the last moment. Take the cellophane off and towel dry the ends so you don't get water drops on the dresses. Handle with care as they are fresh and can get damaged!

After all the photos are complete rest your bouquet in a vase of water, this can add detail to your cake display or top table too.

Button holes will be name tagged and should be pinned on to the left hand side of the Jacket (over the heart).

We have an extensive range of Urns, Plinths, lanterns, vases, vintage jars, bottles, candles and votives & more. All these items can be hired to enhance your wedding décor and displays on the day.

The Wedding Party

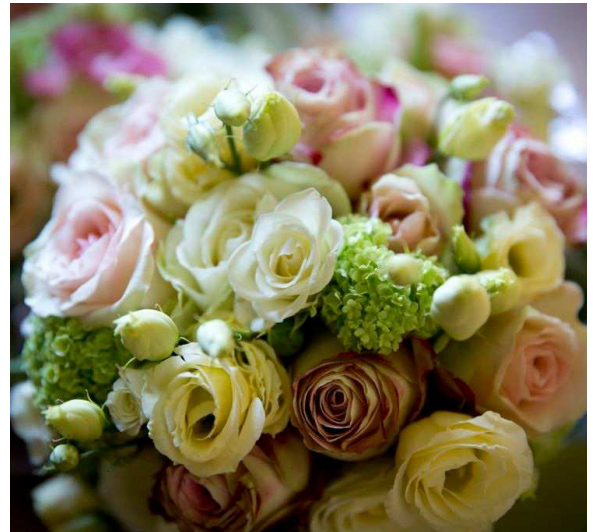

All those who will carry or wear flowers on the big day, you the bride, your bridesmaids, flower girls, the groom, his groomsmen, fathers, ushers and of course the mums or grannies. Usually all those that are in the family photos.

St Augustine & Bellinter House

Thank you so so so much for the excellent job with the flowers for our wedding. The arrangements, the bouquets, the buttonholes! All absolutely fabulous and I cannot say enough good things about the whole operation, honestly and truly. Thank you so much for the perfect dove-taming depositing and transporting the flowers, and overall giving a beautiful look to the most special day ever. The photos so far look smashing and I cannot wait to see what the church looked like in its full flowerful glory!! Loved the callas, so did everybody, a proper talking point. I'll stop waffling now, suffice to say, thank you for being so bloody BRILLIANT AT WHAT YOU DO!!!!

Best wishes,
Muireann and Denis

I simply can't thank you and the team enough for making my wedding day so special. From the delivery of the flowers to College Hill to the arrivals at the church and then the grand reveal of the Orangery. I simply have never seen flowers like them at any wedding I have been to before and everyone could not stop commenting on how beautiful they were.

I had an image in my mind and you totally surpassed that, it made my day so perfect and I wouldn't change a thing. You are all so talented and other future brides are lucky to have you on their side.
