Your wedding day is one of the most special, unique and exciting days in your life that creates memories for you and your family to last a lifetime. Each wedding day like every one of our couples is unique, so we work with you closely to bring your vision to life through flowers for your special day.

Whether you want a simple, opulent or modest affair we are here to guide you and give you inspiration for all your wedding flowers. This doesn't necessarily mean large and expensive but it does mean that in order to provide you with the very best in terms of style, design and service we need to spend time to get to know you, what you like and dislike and what you would like to achieve. The starting point in this process is a one to one consultation with our award winning florists.

During this meeting we will go through all your wedding day floral requirements and budget thoroughly. We will then provide you with a full quotation and all the information you will need to work out the look for your big day.

Once the Budget and Brief are confirmed we request a booking fee of €250 to hold the date in our diary. This is non refundable but is deducted from your final wedding balance.

With over 30 years of experience in creating stunning wedding flowers, an RHS Chelsea Gold Medal and various awards to our credit you can rest assured that you are in safe hands.
