SLANE CASTLE

Creative Collaboration

We worked as part of a collaborative team on this creative styled shoot at Slane Castle. We showcased an array of designs to capture the regal setting with a contemporary feeling.

Two different looks were created. Paper tones in ivory and creams accented with soft beige tones and a more romantic and whimsical style with blush hues.

ROISIN AND SEAN

The Mill House, Slane is a venue infused with Character and history. The old mill's industrial feeling was softened with open blousey blooms in soft pastel tones.

Heavily scented flower varieties including hyacinths, stock and peony roses were chosen to add to the atmosphere in the space.

LOUISE & ROY

An intimate affair at The K Club

Although this was a small and intimate celebration, the focus on floral decor was evident. Urns filled with garden inspired blooms, a soft cascading bouquet including David Austin blush roses flowed through to elevated garden designs on tall vases to create height and drama in the drawing room setting for dining.

A full-page photograph of a bride in a white lace wedding dress, smiling and looking over her shoulder. She is holding a large, cascading bouquet of flowers, including pink and white roses, greenery, and small white flowers. The background shows a large window with a view of a green landscape. The text is overlaid in a yellow box in the top right corner.

Muted pale tones lifted by soft
